

## Campus Overview

- The campus opened in August 2015.
- The 142,593 square-foot training facility is located in Long Beach, Calif.
- The school has the capacity to train up to 800 students.
- The key Long Beach area employers that employ UTI graduates are City of Long Beach, Crown Equipment Corporation, Caruso Ford, Mercedes-Benz of Long Beach, Long Beach BMW, Cal Worthington Ford and Hooman Nissan of Long Beach.
- There are approximately 80 employees at the UTI-Long Beach campus.

## Specialized Training

- UTI-Long Beach provides the training necessary to excel as an entry-level automotive or diesel service technician.

## Core Programs

- Automotive – The program teaches students how to diagnose, maintain and repair domestic and foreign automobiles.
- Diesel – The program teaches students the basic knowledge and skills to diagnose malfunctions in mechanical and electrical systems, and make necessary repairs and replacements on diesel engines, commercial vehicles and heavy equipment.
- Automotive/Diesel – The program provides students with every Automotive and Diesel course, giving graduates the flexibility to qualify for positions in both industries.
- Collision Repair and Refinish – The program teaches students the skills to repair and refinish collision-damaged vehicles.

## Blended Curriculum Model

- UTI is committed to providing students with the skills necessary to succeed in the global marketplace of the 21<sup>st</sup> century. UTI delivers a blended learning curriculum that offers more convenience and training flexibility for its students. This model features extensive “hands-on” experience supported by classroom instruction and interactive online learning. It is the same approach used by many of the industry’s top employers for training their technicians.

## Manufacturer-Specific Advanced Training (MSAT)

- Nissan Automotive Technician Training (NATT) – The 9-week program provides training to troubleshoot, repair and maintain chassis, climate, drive train, electrical and engine systems for Nissan and Infiniti vehicles.
- SMOG – The 9-week program teaches students the skills to take the California smog check inspector license exam.

**Accreditation**

- UTI-Long Beach is accredited by the Accrediting Commission of Career Schools and Colleges, which is recognized by the U.S. Department of Education.

**STEM**

- Universal Technical Institute participates in the STEM Education Coalition, a nationwide initiative that reflects our commitment to ensure science, technology, engineering and math skills are interwoven throughout our curriculum.
- Universal Technical Institute has been designated a 2016 STEM Jobs Approved College by Victory Media. Victory Media created the list to help parents, students and guidance counselors evaluate how well education is translating into real-world jobs, and how responsive institutions are to meeting the demand for STEM-based education.

**Military**

- Universal Technical Institute is on the 2016 Military Friendly Schools® list published by Victory Media in recognition of efforts to ensure the success of America's military service members, veterans and spouses as students.
