

iRobot®

Roomba® Vacuuming Robot

The iRobot Roomba® 960 Vacuuming Robot helps keep floors cleaner throughout the entire home with intelligent visual navigation, iRobot HOME App control with wireless connectivity, and 5x the air power¹ over previous generation Roomba vacuuming robots.

SMART

Roomba 960 uses adaptive navigation technology and visual localization to seamlessly and efficiently navigate an entire level of your home, recharging as needed until the job is done².

- Independently cleans an entire floor level in a home
- With localization and floor-tracking, Roomba can track its cleaning progress making sure it doesn't miss a spot
- Groundbreaking iAdapt® 2.0 Navigation with visual localization allows Roomba 960 to clean efficiently in open areas by moving in parallel lines while also taking advantage of the robot's suite of sensors to adapt its pattern when necessary, seamlessly navigating under furniture and around clutter
- A lithium ion battery and Recharge and Resume functionality keeps the Roomba 960 running continuously for up to 75 minutes², then automatically recharges and resumes cleaning to complete the entire job

SIMPLE

The iRobot HOME App lets you clean and schedule conveniently — anytime, anywhere³. Or just press CLEAN on the robot.

- Choose between Android or iOS versions of the iRobot HOME App
- Schedule Roomba up to seven times a week from the familiar smartphone interface
- Customize Roomba 960 cleaning features from the iRobot HOME App, like choosing between one or two pass cleaning and edge cleaning for a more thorough clean
- The iRobot HOME App also provides information about cleaning status, customized tips and direct access to customer support
- With Amazon Alexa or the Google Assistant, you have hands-free control to start, stop, or dock your Roomba® 960 vacuuming robot

CLEAN

The AeroForce® 3-Stage Cleaning System provides up to 5x the air power¹ with the Gen 2 motor for lower maintenance and improved cleaning performance on carpets, rugs, and hard floors.

- Roomba 960 features a three-stage cleaning system that balances agitation, extraction and suction
- Brushless debris extractors prevent the tangles and jams of hair and other debris, making it even easier for Roomba to tackle daily dirt build-up
- Dirt Detect™ allows Roomba 960 to 'see' dirt and focus cleaning on areas that need it most
- At just 3.6 inches (9.2 cm) tall, Roomba is designed to fit under most furniture and kickboards so dirt has no place to hide
- Automatically adjusts to clean carpets and hard floors
- Sweeps wall edges and corners

¹Compared to Roomba® 600 and 700 series AeroVac™ systems.

²Roomba 960 will clean for up to 75 minutes, as tested in iRobot's Home Test Lab on hard floors, before recharging and resuming cleaning, if needed. Run times may vary.

³Some features available only through the iRobot HOME App.
