### Valvoline Extends Official Motor Oil Program with ARCA

(Toledo, OH) Valvoline has extended their partnership as Official Motor Oil of the ARCA Racing Series presented by Menards through 2019. With the announcement, Valvoline will extend a relationship that has named the company the exclusive motor oil approved for use in the ARCA Ilmor 396, a relationship which dates to the engine's introduction in 2015.

"We're proud to extend our partnership with ARCA through the 2019 Season," Travis Montgomery, Valvoline Associate Brand Manager – Sports Marketing commented. The announcement was made during the Thursday broadcast of "PRN At The Track" on Performance Racing Network, and includes the news that Valvoline Pro-V Racing 0W30 motor oil will continue to be the exclusive oil for use in the ARCA Ilmor 396 engine package.

The ARCA Ilmor 396 engine with Valvoline Motor Oil debuted at the Daytona ARCA 200 in 2015. The Valvoline/ARCA Ilmor 396 combination is undefeated in the 80 events contested since, and has also won every pole award over that time frame.

"Valvoline Pro-V Racing, as the exclusive oil approved for use in the ARCA Ilmor 396 engine, has delivered the excellent performance demanded by race teams in the ARCA Racing Series presented by Menards," said ARCA President Ron Drager. "From the initial testing conducted by Ilmor through 80 consecutive victories since 2015, Valvoline has lived up to and exceeded its long standing reputation as a winning brand of the highest quality."
