

FACT SHEET: UTI-Mooresville, NC

Campus Overview

- UTI-Mooresville (formerly NASCAR Technical Institute) is a technical training school that combines comprehensive automotive technology programs, skilled trades, and a NASCAR-specific motorsports program.
- UTI-Mooresville is the exclusive educational provider for NASCAR and the only campus in the country to offer NASCAR-endorsed training.
- The campus opened in July 2002 and graduated its first class in August 2003.
- The 146,000-square-foot facility is located in Mooresville, N.C., which is also known as “Race City USA.” The town is 20 miles north of Charlotte, N.C.
- UTI-Mooresville Early Employment Program partners include Capital Auto, Commet, Crown Lift, FirstCall Mechanical, Hendrick Automotive Group, Herc Rentals, LKN Mechanical, McClintock HVAC, MileOne Auto Group, Rush Truck Centers, Southeast Industrial Equipment, Sunbelt Rentals, TravelCenters of America, Technique Chassis, and TK Central Carolinas.
- UTI-Mooresville awards the following Associate of Occupational Studies (AOS) degrees:
    - NTI Automotive Technology
    - NTI Automotive Technology + Ford FACT
    - NTI Automotive Technology + Mopar TEC
    - NTI Automotive Technology + NASCAR
    - NTI Automotive Technology + NASCAR + Ford FACT
    - NTI Automotive Technology + NASCAR + Mopar TEC
- UTI-Mooresville awards the following diplomas:
    - CNC Machining Technology
    - Welding Technology
    - HVACR Technology
    - Electrical & Industrial Maintenance Technology
    - Electrical, Electronics & Industrial Technology
    - Electrical, Robotics & Automation Technology
- There are approximately 80 employees at the UTI-Mooresville campus.

UNIVERSAL TECHNICAL INSTITUTE

Specialized Skilled Trades Training

UTI-Mooresville provides the training necessary for graduates to prepare for careers as entry-level technicians in the automotive, motorsports, welding, HVACR, electrical, robotics and automation, industrial maintenance, and CNC Machining industries.

Core Program

Automotive Technology program – The 48-week program teaches students how to diagnose, maintain and repair domestic and imported automobiles.

CNC Machining program – The 36-week program provides the hands-on training and high-tech skills needed to set up and operate computer numerical control (CNC) and manual machining equipment.

Welding Technology program – The 36-week program gives the hands-on training needed to prepare for a flexible career in industries from automotive fabrication to aerospace. Students learn about the procedures and equipment required to weld using gas metal arc (GMAW), shielded metal arc (SMAW), flux-cored arc (FCAW) and gas tungsten arc (GTAW) welders.

NASCAR Technology program – The 15-week elective trains students in everything from engines, fabrication and welding to aerodynamics and pit crew essentials. Through this elite Spec Engine program, select students can build engines that will compete in NASCAR-sanctioned races.

Electrical, Robotics & Automation Technician program – The 51-week program prepares students for careers as robotics technicians, industrial automation technicians, research and development technicians, electro-mechanical technicians, and field service technicians.

HVACR Technician program – The 39-week program provides students with the knowledge and skills necessary to install, troubleshoot, maintain, and repair both residential and commercial systems.

Electrical & Industrial Maintenance Technology program - The 10-month program helps students learn about topics like DC and AC electrical theory, electrical wiring, computers and networking and mechanical systems & maintenance.

Electrical, Electronics & Industrial Technology program – The 12-month program is designed to help students prepare for careers in industry like technology, manufacturing, residential, commercial and more[1].

Manufacturer-Specific Advanced Training (MSAT)[2]

---

[1] UTI's electrical programs do not prepare graduates for employment as electricians, and graduates will not be eligible for certification as an electrician without additional training and meeting state licensing requirements. These programs prepare graduates for entry-level careers using the provided training. Possible career paths, by program, may include: Electrical, Electronics & Industrial Technology – electrician's assistant, security + access control systems technician; Electrical, Robotics + Automation Technology – control systems technician, robotics & automation technician; Electrical, Wind Turbine Technology – field service technician, wind turbine technician; Electrical, Industrial Maintenance Technology – maintenance technician, field service technician. UTI is an educational institution and cannot guarantee employment or salary.

[2] *Following completion of the relevant core diesel or auto program.*

UNIVERSAL TECHNICAL INSTITUTE

Ford Accelerated Credential Training (FACT) – The 15-week FACT intensive training program uses Ford Motor Company curriculum, vehicles, components, and diagnostic equipment. Graduates earn up to 14 Ford STST classroom course credentials, the required eLearning credentials toward achieving 13 Ford specialty certification areas, and Ford Quick Lane Technician certifications.

Mopar Technical Education Curriculum (TEC) training program – During this 12-week program, students become proficient in troubleshooting, diagnosing, servicing, and repairing Alfa Romeo, Chrysler, Dodge, Fiat, Jeep and Ram automobiles and trucks. Students earn Level 1 Stellantis technician certification and 80% of credits needed for Level 2.

Accreditation

- UTI-Mooresville is accredited by the Accrediting Commission of Career Schools and Colleges (ACCSC), which is recognized by the U.S. Department of Education.
- ACCSC has recognized UTI-Mooresville as a School of Excellence in 2013-2014, 2018-2019, and 2025.

STEM

- UTI participates in the STEM Education Coalition, a nationwide initiative that reflects our commitment to ensure science, technology, engineering, and math skills are part of our curriculum.

Community Champions

- The campus is involved in Stocks-for-Tots, which was created to bring together stock car racing and its fans to provide education, and intervention programs for the prevention of child abuse and neglect.
- UTI-Mooresville was named a 2022-2023 Military Friendly School – Gold level - by Victory Media.
- UTI-Mooresville was named a top workplace in Iredell County in 2022 and 2023.
