

# Roomba®

## Roomba® Plus 505 Combo Robot + AutoWash™ Dock

The Roomba® Plus 505 Combo Robot + AutoWash™ Dock delivers detailed cleaning with an edge. DualClean™ Mop Pads with PerfectEdge® extends the mop pad 18% closer\* to edges. Dynamic dock auto-empties debris, refreshes mop pads during mopping, then washes and heat-dries pads, and self-cleans when done to keep everything fresh.

*\*As compared to unextended DualClean™ Mop Pad*

### Deep down and wall-to-wall.

- **Remarkable reach:** DualClean™ Mop Pads with PerfectEdge® clean every edge, corner and hard-to-reach place, so you don't have to. Along walls, furniture and into corners, Roomba® provides a wall-to-wall, detailed clean with 18% more edge coverage\*.
- **Strong Suction. Serious Mopping:** Devours messes from crumbs to pawprints with 70x more suction\*\*, DualClean™ Mop Pads with PerfectEdge®, SmartScrub, a multi-surface rubber brush, and edge-sweeping brush.
- **Crank up the clean:** Expertly raises the cleaning bar with spinning DualClean™ Mop Pads that extend along edges for 18% more coverage\* to erase dirt wall-to-wall and SmartScrub for 2x deeper scrubbing. Plus, 70x more intense suction\*\*, Carpet Boost, a multi-surface rubber brush, and Edge-Sweeping brush extract and eliminate dust and debris.
- **Maps and maneuvers:** ClearView™ Pro LiDAR Expertly maps your home to maximize coverage and clean thoroughly, day or night. Plus, specialized sensors ensure Roomba® robot won't take a tumble downstairs.
- **PrecisionVision™ AI Technology:** Immediately recognizes cords, socks, even pet waste, and swiftly navigates around them. Identifies wet & dry messes ahead and repeats cleaning passes for a more thorough clean.

### Deep scrubbing. Impeccable hands-free cleaning.

- **AutoWash™ Dock does it all:** 75 days of auto-emptying, 4 weeks of mopping and pad washing\*, continual pad refreshing, and heated pad drying ensure an ultra-effective clean day after day. The Self-Cleaning Cycle eliminates any build-up of debris in the dock with little effort.
- **Puts data on dirt to good use:** Knows exactly which rooms get dirty fastest, prioritizes where to clean and auto-selects the right settings to give them the deep clean they need\*\*.
- **Fully Custom Cleaning:** Clean with precision using 4 levels of suction, repeat cleaning passes in high-traffic areas, or extra scrubbing with SmartScrub to deep-clean tough messes. Designed for how you clean—simply tap to set a custom cleaning routine, get time estimates, check on the filter health, or get insight into which rooms need attention most.
