

Roomba® 105 Vac + AutoEmpty™ Dock

Tackle any and every mess—and leave the debris to us. The Roomba® 105 Vac Robot + AutoEmpty™ Dock is made for everyday cleaning, with 70X more suction*, better navigation and a self-emptying dock. Enjoy up to 75 days of hassle-free, autonomous cleaning.

**As compared to Roomba® 600 series robots*

Your everyday cleaning companion.

- **Up to 75 days hands-free cleaning:** Dirt and dust stay gone because it empties into the AutoEmpty™ dock with a bag that traps and contains the debris for months at a time. That means no mess or cloud of dust when you empty it. Just drop the used bag into the trash and put a new one in the base—clean and simple.
- **Dirt and debris – gone:** 3-Stage Cleaning includes 70X more power-lifting suction*, a Multi-Surface bristle brush, and Edge-Sweeping brush to devour dirt and dust bunnies and leave floors barefoot clean.
- **Super-smart mapping and navigation:** ClearView™ LiDAR sleekly hidden inside the robot quickly maps your home, avoids obstacles and cleans in neat rows, even in the dark.

Hands-free and easy cleaning.

- **Fully custom cleaning:** Schedule and target rooms based on your daily routine and adjust the number of cleaning passes and levels of suction power.
- **A targeted clean:** Focus on specific rooms that need extra love or skip a room if an activity is going on in there.
- **Easy-to-use Roomba® Home App:** Simply tap to set a custom clean, get time estimates, check on the filter life, or create keep-out zones to avoid specific areas.
- **Extra dirt? Spot cleaning is on it:** Easily target the places where your floors need extra attention. With spot cleaning, your robot repeatedly cleans in one area for up to 5 minutes.
- **3 ways to control:** Pair with your preferred voice assistant* for on-demand cleaning, simply tap the app, or press the robot's buttons.

**Works with Alexa, Siri, and Google Assistant-enabled devices. Alexa and all related logos are trademarks of <http://Amazon.com> or its affiliates.
