Roomba®

Roomba® Max 705 Vac Robot + AutoEmpty™ Dock

Experience exceptional cleaning power with the Roomba® Max 705 Vac Robot + AutoEmpty™ Dock, a robot vacuum engineered for busy, pet-loving homes. Advanced debris detection paired with Dual Rubber Brushes finds and eliminates dirt in every corner, while the self-emptying dock ensures 75 days of hands-free cleaning.

Brains and brawns all in one.

- **Powerhouse cleaning for busy homes:** Patented rubber brushes flex and adjust, staying in constant contact with all floor types. Paired with extreme power-lifting suction to loosen and lift any kind of mess.
- **Eliminates dirt and dust:** Powers through pet hair and more with anti-tangle Dual Rubber Brushes, an Edge-Sweeping Brush, Carpet Boost and 180X more* extreme power-lifting suction.
- **ClearView™ Pro LiDAR:** ClearView™ Pro LiDAR Expertly 3D maps your home to maximize coverage and clean thoroughly, day or night. Plus, specialized sensors ensure Roomba® robot won't take a tumble down stairs.
- **PrecisionVision™ AI Technology:** Immediately recognizes and swiftly navigates around objects of all shapes and sizes, including cords, socks, and pet waste**.

**Compared to Roomba® 600 series robots*

A brilliant, everyday clean.

- **Up to 75 days of hands-free cleaning:** Up to 75 Days Hands-Free Cleaning AutoEmpty™ Dock traps and contains debris as small as 0.7 microns in an enclosed bag keeping you dust cloud-free for 75 days.
- **Detects dirt. Makes it disappear:** Advanced Dirt Detect™ Technology identifies large messes ahead, repeating cleaning passes for a more thorough clean without missing a thing.
- **New Roomba® Home App:** Clean with precision by choosing specific rooms or zones, 4 levels of suction, or repeating cleaning passes in high-traffic areas to tackle tough messes.
- **Puts data on dirt to good use:** Knows exactly which rooms get dirty fastest, prioritizes where to clean and auto-selects the right settings to give them the deep clean they need.
- **Cleans on command:** Pair with your preferred voice assistant* to schedule a future cleaning or simply tell it to vacuum the living room or crumbs by the table. Users can now easily control the Matter-enabled Roomba® Max 705 Vac Robot + AutoEmpty™ Dock through Apple's Home™ app on iPhone, iPad, Apple Watch, Apple TV, HomePod, or Mac running the latest software.
