

Roomba® Max 705 Combo Robot + AutoWash™ Dock

Designed for an uncompromising clean, the Roomba® Max 705 Combo Robot + AutoWash™ Dock conquers debris in busy, kid and pet-loving homes. Equipped with a self-cleaning roller mop, detailed edge cleaning, anti-tangle dual rubber brushes, and a powerhouse dock to provide fully hands-free cleaning, day after day.

Precise, powerful, and fiercely independent.

- **Flawless floors from an always clean mop:** PowerSpin™ Roller Mop continuously cleans itself, extends for detailed edge and corner cleaning, and uses a first-of-its-kind protective cover to keep carpets dry and floors mess-free.
- **Remarkable reach:** PerfectEdge® extends the roller mop closer to walls, furniture, and into corners so it never misses a mess. Dual Edge-Sweeping Brushes grab more dirt for 20% better** edge and corner cleaning.
- **Conquers debris, edge-to-edge:** Powers through dirt with anti-tangle Dual Rubber Brushes and up to 175x more* power-lifting suction.
- **Wipes away messes 10x better**:** Eliminates stubborn stains with heated mopping and the PowerSpin™ Roller Mop, spinning at 200 RPMs and applying consistent pressure for spotless, streak-free mopping. Turn on SmartScrub for extra deep scrubbing.

*In spot clean mode with full battery compared to Roomba® 600 series robots

Cleaning has never been so simple.

- **AutoWash™ Dock powers a pristine clean:** 75 days of auto-emptying debris, 8 weeks of heated mopping and roller washing*, heated roller drying, auto-solution dispensing, and a self-clean cycle ensure fully hands-free cleaning every day.
- **Detects dirt. Makes it disappear:** Advanced Dirt Detect™ Technology identifies large wet and dry messes ahead, repeating cleaning passes for a more thorough clean without missing a thing.
- **Roomba® Home App:** Clean with precision by choosing specific rooms or zones, 4 levels of suction, 3 levels of liquid, or repeating cleaning passes in high-traffic areas to tackle tough messes.
- **Data driven dirt removal:** Continuously collects insights and adapts cleaning recommendations to the needs of your home. Suggests where to clean next, prioritizes the dirtiest rooms first, and selects the perfect setting to get the job done.
- **Cleans on command:** Pair with your preferred voice assistant** to schedule a future cleaning, or simply tell it to vacuum the living room, combo clean the kitchen or over by the couch.

*Based on 1 mopping run per week
