

As we chart our path forward, our Purpose is unchanged: unlocking the power of people, ideas and science to reimagine what's possible. It is the reason we exist, and guides everything we do. Our Vision represents where 3M is going. Our trajectory is changing as we successfully execute our strategic priorities, which is transforming our future opportunity. As a result, earlier this year, we introduced a new, bolder vision for 3M: Making what is indispensable to empower modern life, advance human progress, and deliver a brighter future through 3M Science. This aligns with our strengths and will propel us forward.

TECHNOLOGY

49
Technology platforms, including:

- Abrasives
- Adhesives
- Advanced Robotics
- Data Science & Analytics
- Films
- Microreplication
- Thermal Management

ORGANIZATION

16 divisions, managed under these three business groups:

Consumer **Safety & Industrial** **Transportation & Electronics**

- Operations in 34 U.S. states (including Puerto Rico) and 49 countries around the world
- 110 plants and 93 distribution centers around the world
- R&D capabilities in 29 countries with 44 Customer Innovation & Technical Centers worldwide

HIGH-GROWTH PRIORITY MARKETS

-  Industrial Automation
-  Automotive Electrification
-  Safety
-  Climate Tech
-  Semiconductor & Data Center
-  Consumer Electronics
-  Sustainable Packaging
-  Home Improvement

SUSTAINABILITY*

GHG **80.1% reduction since 2002**
Scope 1 & scope 2 greenhouse gas emissions

Over the last 8 years, 3M innovations helped customers avoid 135 million metric tons of CO₂ equivalent emissions.

Since 2021, we have reduced our use of virgin fossil-based plastic by **nearly 70 million pounds.**
