

Corporate overview

The things we work for are what define us

Serving over 810,000 clients in 140 countries, ADP has the experience and scale to customize solutions for businesses of all sizes – from small business to global enterprise – across all industries.

ADP was the first in HCM to deliver automation, move to the cloud, provide a mobile app, and create an online marketplace, clearly leading the industry in innovation.

Our legacy of innovation and service has yielded a profound understanding of the employee experience and a dedication to responding to changing workforce needs with insights and solutions.

With integrated technology platforms, data analytics, and strategic guidance in all aspects of human capital management, ADP continues to meet our clients' needs and shape the future of work.
