THE *Wonder* OF IT ALL

FACT SHEET

ABOUT THE G SPA

G Spa represents the vision of its founder, Gretta Monahan. Gretta is best known for her groundbreaking and award-winning salons and fashion concepts. Her beauty and fashion vision are well-documented on television, and in beauty and fashion editorial in magazines such as *Vogue* and *Marie Claire*. She is a regular guest on *The Rachael Ray Show*. When Gretta was invited to be a part of the new Fox Tower, she knew she had a unique opportunity to create a spa that offered an unparalleled level of luxury and service.

Indulge in a 21,000-square-foot destination spa experience. The G Spa is an oasis of serenity, pampering, and rejuvenation—a restorative respite from the bustle of the gaming and entertainment venues. Guests are treated to a pleasing menu of relaxing massages, invigorating body treatments, soothing facials, and a complete array of hair and nail services. The G Spa also boasts two body treatment rooms with cascading Vichy showers, and two luxurious couple's suites complete with a serving of champagne and chocolate-covered strawberries at the completion of a couple's service. Experience the relaxing water theme from the moment you walk through the door. Try the waterfall whirlpools, eucalyptus steam room, sauna and indoor lap pool. Enjoy a spectacular view of the Connecticut countryside throughout the facility.

The Native American tradition is to heal both the body and spirit. With respect for the hosts at Foxwoods, unique Native American-inspired services are offered. Many of these relaxing and replenishing rituals use the calming and cleansing properties of one of the essential elements of life—water—while others utilize the components crucial to the Native American culture including clay, maize, salt and custom herbal mixtures.

Guests are invited to spend the day working out in the full-service fitness center, or just relaxing and spa dining by the indoor lap pool, outdoor sun patio and spectacular co-ed Jacuzzi. The locker rooms are appointed with raindrop massaging jet showers, waterfall Jacuzzis, eucalyptus stream rooms, and saunas. We recommend a pretreatment hydrotherapy to enhance the experience.

SIGNATURE TREATMENTS

(An East-Meets-West Philosophy)

Maize and Mountain Laurel Body Scrub - This beautiful Native American-inspired treatment combines an exfoliation using ground maize and the essence of the mountain laurel flower indigenous to Southeastern New England. Enjoy what these local ingredients can do for your skin and your well-being.

Green Tea and Cucumber Soothing Facial - In this facial, the G is for both Greta and Gentle. Green tea and cucumber provide the antioxidants to protect and repair the skin from the free radical damage of the sun and surf. This soothing facial invigorates and uplifts.

Thai Massage - In the Thai massage, the therapist uses his or her hands, knees, legs and feet to move you into a series of yoga-like stretches. Muscle compression, joint mobilization and acupressure are applied during treatment. Thai massage is more energizing and rigorous than more classic forms of massage.

You are fully dressed in loose clothing, and no oil is applied. Thai massage is performed on a padded floor mat or a massage table. A Thai foot massage is the perfect add-on to any facial.

SPA LOCKER ROOM FACILITIES

- Waterfall Jacuzzi®
- Sauna
- Eucalyptus Steam Room
- Locker room/changing area
