

Scott Coons

Vice President, Lexmark

President & CEO, Perceptive Software

Scott Coons is a Lexmark vice president, and president and chief executive officer of Perceptive Software, a stand-alone software business within Lexmark. Perceptive Software is a leading provider of enterprise content management (ECM) software and solutions.

In 1995 Coons took over a fledgling tech startup and founded the company that is today known as Perceptive Software. Under his guidance, Perceptive Software has focused on ECM, and has become one of the fastest growing ECM software providers in the market.

He began his career as a software engineer with the University of Kansas after graduating from the university with a bachelor's degree in electrical and computer engineering.
