## Statement on Mazda6 and CX-3

IRVINE, Calif. (May 21, 2021) – For more than 100 years, Mazda has successfully navigated shifting consumer needs and an ever-changing industry with beautifully designed vehicles that are fun to drive. As consumer interests continue to evolve, Mazda will discontinue CX-3 and Mazda6 for the 2022 model year for the US market. Although these two vehicles will be leaving our lineup in the US, we are proud of the performance, design, quality, and safety they contributed to our brand.

Mazda North American Operations is headquartered in Irvine, California, and oversees the sales, marketing, parts and customer service support of Mazda vehicles in the United States and Mexico through approximately 620 dealers. Operations in Mexico are managed by Mazda Motor de Mexico in Mexico City.
