

Drs. Foster and Smith

Petco has been a part of pets and pet parents' lives since 1965. Over the last 50+ years, we've become the trusted source for high quality, premium pet products and services in local neighborhoods across the U.S.

The newest addition to the Petco family, Drs. Foster and Smith is the nation's largest catalog and online pet supplies retailer and the leading veterinary-operated pet product supplier. They are among the nation's foremost authorities on pet care and education, with a strong reputation for their scope of veterinary expertise on prescription medications and quality products for dogs, cats, fish, birds, reptiles, horses, pond life and small animals.

Drs. Foster and Smith have provided pet owners with veterinary advice and quality pet supplies at affordable prices for over 31 years. Since its beginnings, Drs. Foster and Smith has developed a sterling reputation on the strengths of its top-level customer service, consumer education and competitive pricing.

Drs. Foster and Smith customers have access to prescription services as well as its popular branded products, including joint care supplements, dog and cat foods, dog beds, cat furniture, equine equipment and other pet care essentials.

Prescription Services

Drs. Foster and Smith offers a full-service pharmacy inclusive of prescription medications and diets, preventive care and a broad base of products created by licensed veterinarians. As a Vet-VIPPS certified pet pharmacy by the National Association of Boards of Pharmacy, our customers have the option to fill prescriptions online and by mail-order.

PetEducation.com

Drs. Foster and Smith's award-winning website PetEducation.com contains more than 2,000 articles from veterinary staff on pet health and care. It is used by thousands of pet owners, pet professionals, schools, and universities every day around the world.

LiveAquaria.com

Drs. Foster and Smith's LiveAquaria.com is the largest and most responsible supplier of aquatic life in the country, offering customers the best shopping experience possible for quality freshwater and marine fish, corals, live rock and sand, invertebrates and live plants.
