

PETCO LOVE

With more than 55 years of service to pet parents, Petco is a category-defining health and wellness company focused on improving the lives of pets, pet parents and our own Petco partners. In tandem with Petco Love (formerly Petco Foundation), an independent nonprofit changing lives, we have helped find homes for more than 6.5 million animals.

Petco Love, an independent nonprofit, is changing lives by making communities and pet families closer, stronger, and healthier. Since its founding in 1999 as the Petco Foundation, they've empowered over 4,000 animal welfare organizations by investing nearly \$300 million in adoption and other lifesaving efforts.

Driven by a love for pets, Petco Love leads the way with innovation, creating tools to help animal lovers reunite with lost pets, and with passion, inspiring and mobilizing communities and animal welfare partners to drive lifesaving change for pets.

Petco Love's lifesaving work is made possible by donations made at checkout at more than 1,500 Petco locations, as well as from individual donors, vendors and corporate contributions.

Tax deductible donations to Petco Love (formerly Petco Foundation), can be made at checkout at any Petco location, online during checkout on petco.com, or at petcolove.org.
