## HOW WE'RE SHAPING THE FUTURE OF HEALTH & WELLBEING FOR PETS & PEOPLE

### WITH QUALITY & SAFETY

At Purina, the quality and safety of our products is our top priority. Purina not only follows state and federal quality and safety standards – we often surpass them. Purina's quality control and safety protocols are some of the highest in the pet food industry. In addition to tracing every ingredient back to our trusted sources, Purina conducts thousands of daily quality and safety checks at our 21 U.S. facilities.

### WITH INNOVATION

Our team of over 500 scientists – including nutritionists, behaviorists, veterinarians and other specialists – relentlessly pursues breakthrough innovations and nutrition to advance the lives of pets.

### WITH PASSION

Over the past five years, Purina has contributed more than \$150 million in monetary and product donations towards organizations that bring, and keep, people and pets together, as well as those that help our communities and environment thrive. Here are a few of the ways we're helping people and pets achieve a better life together.

**PET ADOPTION:**  
Finding pets forever homes through Purina Shelter Champions and Petfinder.com

**DOMESTIC VIOLENCE:**  
Creating more pet-friendly domestic violence shelters so pets and families can heal together

**PETS AND VETERANS:**  
Pairing trained service dogs to aid veterans suffering with PTSD

**PETS AND PATIENTS:**  
Reuniting pets and families in hospitals

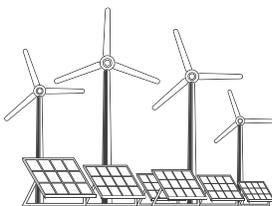

**DISASTER RELIEF:**  
Providing funding, pet food and litter to communities in need

## HOW WE'RE PROMOTING A HEALTHY PLANET

Purina is committed to making our high-quality pet care products in a sustainable way today to ensure that people and pets can share a healthy world tomorrow. From the soil where our ingredients grow, to the manufacturing facilities where our pet food is made, our goal is to use the planet's precious natural resources efficiently throughout the journey of our pet's food. We're taking bold steps today that will lead to a more sustainable future:

**ENSURING RESPONSIBLE SOURCING** of our high-quality ingredients and developing partnerships and programs to promote regenerative farming.

**REDUCING OUR GREENHOUSE GAS EMISSIONS**, which includes achieving 100 percent renewable electricity across all facilities by 2025.

Achieving **100 PERCENT REUSABLE OR RECYCLABLE PACKAGING** by 2025.

**PROTECTING WATER RESOURCES** through partnership and conservation.

Maintaining **100% ZERO WASTE FOR DISPOSAL** at all U.S. factories and Headquarters
