## Tommy Fleetwood

### Quick Quotes

Was there any one thing that you can pin down today that might have given you the most difficulty or was it several things that cropped up?

**TOMMY FLEETWOOD:** I mean I started off fine, played the first great. The second played it well. Third I had good shots in, and overshot a putt, which is easy to do. And I kind of got out of position a little bit at 6, wrong club. 8 was out of position. And from then I played pretty well, apart from -- I mean 15, I was better than I was missing it 25-foot left. As bad as that shot looks, you can't go left. And 16 pushed it.

But there wasn't any bad shots from 9 onwards. And I think, again, I was 2-over early on, and it's easy to just get wound up or lose hope or just lose it because you wanted to win the U.S. Open. But I was very pleased. But, yeah, from 9 on I was good.
