## Sei Young Kim

Flash Interview

**Q. Minus three, well played. What hole did you have your birdie on and what did you do to get those birdies?**

SEI YOUNG KIM: I had a birdie on which hole is it? 2nd, 11 and Hole 2 and 14 and 7. No, no, no. 6 and 7. 6 and 8, yeah.

**Q. What did you think of the golf course?**

SEI YOUNG KIM: Golf course is kind of tough. But the fairway easier and wider and then greens are softer. So if I attack to the pins to stop the ball, yeah. And then I think it depend on the pin position is kind of tough courses, yeah.

**Q. Some players have said they believe it is a second shot golf course. Do you agree with that?**

SEI YOUNG KIM: Sorry?

**Q. It's a second shot golf course. So your approach into the green is what makes the golf course tough. Do you agree with that?**

SEI YOUNG KIM: Yeah, definitely. This course, greens are a lot undulation. If I miss the wrong side, it's all the way down. And miss the green, it's tough to the up-and-down. So that's mostly important to the pars to the fairway shot.

**Q. You must be pleased with a good score on the first day. It's tough to get in contention if you don't play well the first day. Now that you have a good round under your belt, does that give you more confidence for tomorrow?**

SEI YOUNG KIM: Kind of, yeah, I played a good back nine, so I got good momentum. But hitting -- not better ball striking the ball, so I practice a little bit of shot and hopefully better round tomorrow.

**Q. How hot was it? Was it very hot for you?**

SEI YOUNG KIM: Yeah. The front nine it was really hot. I feel like really hot and it was almost dizzy. So I keep the cool. I kept cool. That helped.

**Q. How many bottles of water did you drink?**

SEI YOUNG KIM: About six bottle, yeah.

**Q. That's a lot for someone your size.**

SEI YOUNG KIM: Yeah, that's a lot. I drunk a lot.
