

# U.S. Women's Open Championship 2017

Saturday, July 15, 2017

## Cristie Kerr

FOX Interview

**Q. A solid round, 2-under par 70 today. You are in great position heading into Championship Sunday. The sun is out. How about the change of golf course today?**

CRISTIE KERR: Definitely started to firm up. There was a lot of tough pin placements out there. I played really, really well. I only made a few putts. I certainly didn't make the more makeable ones today. Hopefully that will change tomorrow.

**Q. It seems like you have been experiencing back spasms this week. How were you feeling?**

CRISTIE KERR: I actually felt a lot better today. Yesterday was awful. On the third hole, I just didn't know whether I could keep going or not. I battled through it and I feel a lot better today. I knew I had to stick it out.

**Q. You know how to close the deal in this championship. How do you prepare tonight and tomorrow morning for this?**

CRISTIE KERR: Just going to have a nice evening. I'm close, but I don't need to worry about anything. I need to go out and play well tomorrow for myself. And if I get some of those putts to fall then it could be close.
