Jeongeun6 Lee

Flash Interview

Q. You had a rough start, but you seemed to even out the round. How did you do it?

JEONGEUN6 LEE: So started out the day, I didn't fell so well, condition wise. What I tried to do was stay at even, which actually worked out. It was 1-over but I'm satisfied with the result.

Q. How do you feel about still being near the top of the leaderboard with one round to go?

JEONGEUN6 LEE: The pin placements were pretty tough today. If I hang in there tomorrow just like I did today, I think I will do well.
