## Ai Miyazato

### Quick Quotes

**Q. What were your emotions today coming to the course for your last time in the final round of a U.S. Open?**

AI MIYAZATO: It was nothing changed. I actually have like a normal routine, like usually I do. I wasn't really emotional out there because this golf course is so much tougher than you think, especially on the green. I haven't made some putts since the first round. A little bit of stress and frustration on the greens. I was able to play my best out there, so I really enjoyed it.

**Q. When the season concludes and you do retire, what are you going to miss most?**

AI MIYAZATO: I think I'm going to miss my friends, for sure. I have so many friends on this Tour. This is like part of my family, big family. I have been traveling with them since several years ago. I'm definitely going to miss my friends especially.
