Joseph Pagdin

Quick Quotes

(on his experience and his play this week)

"It was a great experience. I loved everything about it, the set-up of the course, Inverness Club and the USGA did an excellent job with this championship."

"I started stroke play a little rough, adjusting from travel from Paris, and then I thought I played well yesterday, coming back to win in 19 holes. This morning I played solid. I was happy with my performance, but today I just ran out of gas. I got up early, but I started losing energy and concentration. Preston played really well and he was the better player this afternoon."

"It hurts to come so close, it was the same in the Boys Amateur last year in Ireland, I was a semifinalist. But I'm still proud of the accomplishment. Thanks to Inverness Club for having us here. It's truly been a great experience."
