Quick Quotes

Q. To finish 3-under in a great position, what was working well for you today?

CAMPBELL KREMER: Short game saved me. I wasn't really hitting it too great to start, but I holed a bunker shot today and that kind of got it going on the back nine. I was hitting a lot of fairways so I was in position a lot.

Q. What's it mean to go out and put a good score in on probably the harder course here at Ridgewood. And Arcola tomorrow, what do you have to do over there to get yourself into match play?

CAMPBELL KREMER: It's good. I mean, it kind of just frees me up because I knew this was a hard course, and I honestly wasn't really playing that well this week, so I had pretty low expectations to play well here, so that kind of freed me up, especially on the back nine, turning at even here. Definitely have some confidence going into tomorrow.

Q. I assume you played a practice round over at Arcola. What are you expecting over there tomorrow?

CAMPBELL KREMER: A lot of birdie opportunities there. You can hit the ball out of the rough there. Here you don't have that opportunity. But you can definitely -- more birdies there, and just keep doing what I'm doing, and I'll be fine.

Q. A lot of talk about your group this week and the Seinfeld reference. I know you're young, but did you know Seinfeld? Did you get it?

CAMPBELL KREMER: I did, just because my dad is a big Seinfeld guy, so that's about it. I've never sat down and watched a show.
