

SATURDAY, AUGUST 20, 2022 – 9 AM WEATHER FORECAST

Today's humid air provides a threat of afternoon showers or thunderstorms. These pop-up storms may miss us altogether with their scattered nature, but a heightened risk exists between 12:30 - 5 PM for a direct hit. Partly to mostly cloudy skies will paint the background, with highs reaching the upper 80s in the afternoon. Should we get a direct downpour, the likelihood of morning fog on Sunday increases. A muggy start to Sunday also indicates a threat for afternoon showers and storms, around the same chances as today. Prepare for the worst, but hope for the best as we ride a very fine line of impacts vs. no impacts!
