

### TUESDAY, SEPTEMBER 13, 2022 – 2 PM WEATHER FORECAST

A glorious day continues. Temperatures in the mid 70s will quickly fall off after sunset under clear skies, dipping into the mid to lower 50s by daybreak. Fog formation appears likely overnight after 4 AM into the early morning hours, but dissipation looks to be rapid in the 7 to 8AM timeframe. Another fair weather day is in store for Wednesday, but increased clouds and a cool lake breeze will keep highs around the 70 degree mark. Beyond Wednesday, we enter a peaceful pattern of highs in the mid 70s and lows in the mid 50s – and not a drop of rain in sight until this weekend!
