

# U.S. Women's Mid-Amateur Championship

Wednesday, September 21, 2022

Fort Myers, Florida, USA

Fiddlesticks Country Club (Long Mean Course)

## Meghan Stasi

### Quote Quotes

I know we all have jobs and lives and families, but it's just really nice to be able to come out here and play for more than just a trophy.

MEGHAN STASI:

**Q. All right, Meghan, obviously probably not the outcome that you would've wanted, but you had a heck of a run here, heck of a final match to bring it down to 18.**

MEGHAN STASI: Yeah, I mean, I was down three with I don't know even know what hole, I guess through 9, and made a little comeback.

Yeah, she was just so strong. This course is -- you know, Jennifer is really long off the tee. There is no real obstacle for her. I knew I had to make some birdies and I made a couple, but I also gave a few away as well.

It's easy to do.

**Q. First time back in the quarters since 2019. I know it's only been a few years, but how did it feel back in contention and up near the top of the leaderboard?**

MEGHAN STASI: Yeah, good. It's nice to have a decent qualifying rounds, couple rounds. It's pretty important to have a good seed going in. And it's match play, but you never know. Like Jennifer last year. You just never ever know.

Course is incredible though. They did a great job, especially with all the rain; the staff and everything has been just a great week.

**Q. And you were defending champ, but overall, obviously you didn't get back there, didn't add another title to your legacy, but what's the overall takeaway from this week?**

MEGHAN STASI: You know, it's nice to see the younger girls. There is a lot -- I guess there are seven 25 year olds, and that's really important for the game. You know, playing for a lot, so hopefully gets a lot more girls involved and playing throughout the year.
