USGA CHAMPIONSHIPS IN TEXAS

This will be the 33rd USGA championship and second U.S. Women's Amateur Four-Ball contested in the state of Texas. In fact, the most recent USGA championship held in the Lone Star State was the 2021 Women's Amateur Four-Ball at Maridoe Golf Club in Carrollton. Champions Golf Club, host to the 2020 U.S. Women's Open, holds the record for the most USGA championships hosted by a single Texas club (5), and only four others have hosted more than one (The Club at Carlton Woods, Brookhaven C.C., Colonial C.C. and Shadow Hawk G.C.).

WHAT IS THE DIFFERENCE BETWEEN FOUR-BALL AND FOURSOMES?

While each involves four players, four-ball and foursomes are different formats.

- In four-ball, matches are played in pairs (a player and a partner, called a side, against another player and partner), with each golfer playing his or her own ball on each hole. At the end of each hole, the player with the lowest score wins that hole for the side. In stroke play, the low score is the side's score for that hole.
- Foursome matches are also played in pairs (one side against another side), but each pair plays with only one ball. In this format, also known as alternate shot, the players take turns hitting the ball from the teeing ground and during play of each hole, with "Player A" hitting the tee shot, "Player B" the second shot, Player A the third, and so on. While the side can choose the order, if Player A hits the tee shots on odd-numbered holes, Player B must hit them on even-numbered holes.
