

SATURDAY, AUGUST 17, 2024 – 9 AM WEATHER FORECAST

Narrow misses have been the name of the game, as we only received 0.15" of rain Friday. Cloudy conditions will remain in place today with a renewed threat of afternoon showers. These showers are expected to be lighter and less widespread than yesterday's threat. The wind will start to blow out of the north-northwest, with moderate intensity. Peak gusts should only reach the mid 20s once or twice. Overnight, we dry out completely, and welcome a partly cloudy and much improved Sunday!
