Xingtong Chen

Q. You had a great round out there today. What went well for you on the course?

Chen: I think today my putting was really good. It helped me a lot today. The last few weeks my putting was not great. It was lipping out every time even though I hit it close. My putting was working today.

Q. This is your first U.S. Girls' Junior Championship; what are you looking forward to the most?

Chen: I am very excited about everything. I am looking forward to taking in the whole experience. This is the most fun tournament I have ever been to. With the match play and then the locker rooms and everything, it's just so good. I am looking forward to hopefully making it to match play and doing well there.

Q. What does it mean to you to be able to play in a USGA Championship?

Chen: It is amazing. This is my first time in the United States. To be able to qualify this year and then be able to come and play, it has been such a great experience. I am looking forward to being able to play with the best junior amateurs in the world.
