Q. An afternoon 67 is a great score. What was working well for you out there today?

Han: I talked with my sports psychologist this morning and got my mental game in a great place. I was focused on hitting each shot one by one and doing my own thing. I made sure to stay in the present while I was out there. I did well, and I tried my best not to get ahead of myself.

Q. Did you have any memorable moments out on the course today?

Han: I had some memorable moments on holes nine and three. I had a few long putts there, and it made things a lot easier for me. It was hard to get close to the pin today. My putting was working well today, and I enjoyed playing.

Q. This being your second U.S. Girls' Junior Championship, how has that helped you prepare for this week?

Han: I am becoming more mature after every shot, and I have more experience with the format and conditions now. My coach and I predicted that the USGA is not going to make this easy for us, and they did a great job.

Q. What are you most looking forward to?

Han: I am going to try my best to enjoy this week because I know that this will be my last U.S. Girls' Junior Championship. I have a lot of hope and a lot of things I want to achieve this year; I have the ability to make some really low scores. The fundamental thing for me is to stay focused and not get ahead of myself.
