Q. Walk me through that round, going up and down, what was going through your mind having to go to extra holes?

Timpf: Yeah, I started the round really solid and really confident out there hitting my target lines and hitting solid putts. Then through the middle of my round, a little bit of mental mess up there, didn't commit to many but got back on track and eventually won.

Q. When you lost 18 and realized you'd be going to a 19th hole, did you have any changes to your approach, strategy? Or just reminding yourself of how you've played it before?

Timpf: It was a little bit of both. Just because birdies usually win in extra holes, so I went into every shot a little more confident but also thinking about what I did well earlier on those holes, hitting my shots and hitting my numbers.

Q. Going into your second Girls' Junior, particularly at this course, talk me through this experience and your plan for the rest of the week?

Timpf: The course is amazing, I really enjoy playing here. This course fits my playing style, so that is really nice, and then hopefully to just enjoy the rest of it and get back to work tomorrow.
