

MONDAY, JUNE 1, 2026 - 11 AM U.S. WOMEN'S OPEN FORECAST

A retreating marine layer just before 10 AM has allowed temps at the clubhouse to warm into the upper-60s as we approach lunchtime with mostly sunny skies expected to remain through the afternoon before the aforementioned marine layer makes its return this evening. Even with the copious amounts of sunshine temperatures won't heat up much more the rest of the day with a high near 70 degrees still anticipated this afternoon before cooling back into the mid-60s this evening as clouds return from the coast. Winds, slowly rotating around from the east throughout the morning will settle out of the southwest this afternoon and evening while sustained speeds increase to near 10 mph gusting into the upper-teens at times before tapering off as the sun sets behind those returning clouds tonight.
