Nadene Gole

Q: Sarah (Gallagher) made it interesting down the stretch, what did it take to close that match out?

GOLE: "Most of the time, on the 18th, if you get a par, you know, you're sitting well... I know that sounds pretty bad, but, it's a tough one. I'd like to birdie it, but, you know, I was able to par it.

Q: You've won a senior women's am in this area up in Seattle. Did that give you confidence coming in, knowing you've won one of these in the Pacific Northwest?

GOLE: "It's interesting. I had a bit of a chat to Lita Lindley this year, and she really likes them less than she said to me, you know, you go win again in the Northwest... It a beautiful area. I feel at home here.

Q: What would you say has been the strongest part of your game this week?

GOLE: "Well, it really only has started today... starting to become a little bit more consistent off the tee and understanding these greens, which, you know, they are very challenging."
