Anj Brown

Q: You took down the defending champion this morning and then Eunice Cho who had a 9 and 8 win yesterday. What did it take to take down both of them today?

BROWN: "I really just had to stay focused and stay calm, and that's just what I did all day. I just kept breathing."

Q: What's it been like playing in a UGA championship so close to where you went to school and where you worked as an assistant coach?

BROWN: "It's been amazing. There are so many Beavers out here watching and cheering me on, so it's really cool. The weather has been phenomenal this week, so can't ask for anything better, and the course is in amazing shape, and at some point, I'll learn the greens."
