

At Viatris, access is fundamental to our mission of empowering people worldwide to live healthier at every stage of life. It begins with our ability to sustainably deliver high-quality medicines to people, regardless of geography or circumstance. We are a company uniquely positioned to bridge the traditional divide between generics and brands, combining the best of both to more holistically address healthcare needs globally. Because health matters everywhere.

Fast Facts

Developed markets

Emerging markets

Japan, Australia and New Zealand (JANZ)

Greater China

Portfolio

With an exceptionally extensive and diverse portfolio, we have the ability to touch all of life's moments, from birth to end of life, acute conditions to chronic diseases. We see across multiple therapeutic areas to the person at the center of their own unique health journey.

Brands

Portfolio of globally recognized iconic brands

Generics

Broad range of generic medicines

Complex Generics

A number of complex generics, which are generics that could have a complex active ingredient, complex formulation, complex route of delivery or complex drug device combinations

Pipeline

We strive to meet individual needs, whether with a generic medicine, a trusted brand, an improved version of an existing medicine, or a truly novel therapeutic solution. Our pipeline investments leverage our scientific expertise to address some of the world's most enduring health challenges.
