A Foodie Paradise - With the recent additions of Caribsea in Emerald Isle, Pop-elato in Atlantic Beach, The Ordinary in Morehead City, Moonrakers in Beaufort and 34° North opening soon in Beaufort, the Crystal Coast is now home to more than 100 locally-owned independent restaurants.

In addition to wide pearlescent beaches and plenty of sunshine, we invite Beer Connoisseurs To Delight In Hoppy Satisfaction on the Crystal Coast. We welcome five new craft breweries who are offering weekly special events, annual brewing competitions and tap changeover tastings.

Seafoodies can taste the "Napa Valley of Oysters," from abundant local harvesters practicing sustainable mariculture right here on the shores of the Crystal Coast. Don't miss Beaufort Wine & Food's Oyster Roast or the Crystal Coast Oyster Festival, annually in November. Coming soon - the NC Oyster Trail!

Bogue Sound Distillery is Crafting Quality Spirits - Stills, Mash & More - Visitors to the Crystal Coast have a new destination rich in both history and premium flavor, to explore and enjoy. The distillery offers tours, a tasting room and museum-style display of old moonshine and distilling memorabilia.

Tucked away amongst the pines are over 30,000 swimming Russian sturgeon, housed in 62,300 square feet of building space and 42 tanks. This makes Marshallberg Farm the Largest Producer of Russian Sturgeon Caviar in the USA. Guided tours, followed by a caviar and smoked sturgeon tasting are offered.
