

LUNDIN GOLD ANNOUNCES UPGRADE TO OTCQX

Lundin Gold Inc. (TSX: LUG; Nasdaq Stockholm: LUG) ("Lundin Gold" or the "Company") is pleased to announce that its common shares are now trading on the OTCQX[®] Best Market under the symbol "LUGDF". Lundin Gold upgraded to the OTCQX from the OTC Pink[®] market.

Upgrading to the OTCQX Market enables Lundin Gold to provide transparent trading for U.S. investors. Streamlined market standards enable the Company to utilize its TSX listing to make information available in the U.S. To qualify for OTCQX, companies must meet high financial standards, follow best practice corporate governance and demonstrate compliance with applicable securities laws.

Ron Hochstein, Lundin Gold's President and CEO, commented, "We are excited to graduate from the Pink[®] market and begin trading on the OTCQX Market. This achievement will give a greater number of investors the opportunity to invest in Lundin Gold and enable participation in our exciting growth story, where maximization of shareholder value is the primary consideration."

U.S. investors can find current financial disclosure and Real-Time Level 2 quotes for the company on www.otcmarkets.com.

Lundin Gold has also applied for its common shares to be eligible for electronic clearing and settlement through the Depository Trust Company ("DTC"). DTC eligibility is expected to simplify the process of trading and enhance the liquidity of the Company's common shares in the United States because of the accelerated settlement period and the expected reduction in costs for investors and brokers. The Company expects to receive confirmation of eligibility next quarter.
